

Module variables

```
graph LR; A[macros (to handle va_list)] --> B[Module variables];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'Module variables'. The box on the right is white and contains the text 'macros (to handle va\_list)'. A horizontal arrow points from the right box to the left box, indicating a relationship or flow from the macros to the module variables.

macros (to handle va  
\_list)
